When you say "once the EPA releases their comments on an SAP," are you referring to the agency's reactions to an SAP report?

Hi Rick,

I got a question from some of my colleagues that I couldn't answer. I thought that once the EPA releases their comments on an SAP, those comments, loaded on the appropriate docket, would have a 60 days public comment period. Is this correct? Or will there not be a public comment period? Hope this is clear.
Thanks very much. Looking forward to seeing you at the GMUS3.

Amelia
